RECOMMENDATION:

Staff Analysis and Recommendation: Staff recommends Approval.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on the approval criteria below.

1. Consistency:

The subject property is located within the North Sector Land Use Plan and is currently designated as Suburban Tier in the future land use component of the plan. The proposed “MF-18” base zoning district is consistent with the future land use designation

2. Adverse Impacts on Neighboring Lands:

Staff has found no evidence of likely adverse impacts on neighboring lands in relation to this zoning change request.

3. Suitability as Presently Zoned:

The existing “R-6” base zoning district is not suitable as presently zoned. The higher intensity of the residential and commercial uses should be located on, or at the intersection of arterials and collectors.

4. Health, Safety and Welfare:

Staff has found no indication of likely adverse effects on the public health, safety, or welfare.

5. Public Policy:

The request does not appear to conflict with any public policy objective. The proposed land use on the subject property is located on a arterials as encouraged by the North Sector Plan.

6. Size of Tract:

The subject property measures 1.1550 acres and is sufficient for the proposed development and parking requirements.

7. Other Factors:

None.
