Staff Analysis and Recommendation: Staff and Zoning Commission (10-0) recommend Approval, pending Plan Amendment.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on the approval criteria below.

1. Consistency:

The subject property is located within the Northwest Community Plan and is currently designated as Neighborhood Commercial in the land use component of the plan. The requested “R-4” base zoning district is not consistent with the adopted land use designation. The applicant has requested a Plan Amendment to change future land use to Medium Density Residential. Staff recommends Approval. Planning Commission continued the case to September 28, 2016.

2. Adverse Impacts on Neighboring Lands:

Staff has found no evidence of likely adverse impacts on surrounding properties.

3. Suitability as Presently Zoned:

The requested “R-4” district is appropriate for the subject property. The request for “R-4” will not have any negative effects on future development, but rather provide the needed residential uses to the area. The property is surrounded by similar uses.

4. Health, Safety and Welfare:

Staff has found no indication of likely adverse effects on the public health, safety or welfare.

5. Public Policy:

The request does not appear to conflict with any public policy objective.

6. Size of Tract:

The subject property is 6.240 acres in size, which accommodates the proposed development with adequate space for parking.

7. Other Factors:

None.
