RECOMMENDATION:

Staff Analysis and Recommendation: Staff and Zoning Commission (10-0) recommend Approval.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on the approval criteria below.

1. Consistency:

The subject property is located within the Arena District / Eastside Community Plan and is currently designated as Medium Density Residential in the future land use component of the plan. Therefore, the current “I-1” designation is not consistent with the future land use component of the plan. The requested “R-4” base zoning district is consistent with the current land use designation.

2. Adverse Impacts on Neighboring Lands:

Staff has found no evidence of likely adverse impacts on surrounding properties.

3. Suitability as Presently Zoned:

The requested “R-4” district is appropriate for the subject property. The request for “R-4” will not have any negative effects on future development, but rather provide additional housing to the area. The site location is on a Local Street and it is surrounded by similar residential uses.

4. Health, Safety and Welfare:

Staff has found no indication of likely adverse effects on the public health, safety or welfare.

5. Public Policy:

The request does not appear to conflict with any public policy objective.

6. Size of Tract:

The subject property is 0.112 acres in size, which accommodates the proposed development with adequate space for parking.

7. Other Factors:

None.
