LAND USE ANALYSIS:

Sector Plan Criteria for review:

- The recommended land use pattern identified in the North Sector Land Use Plan inadequately provides appropriate optional sites for the land use change proposed in the amendment.
- The amendment must constitute an overall improvement to the Sector Plan and will not solely benefit a particular landowner or owners at a particular point in time.
- The amendment must uphold the vision for the future of the North Sector Plan.

The subject property is currently vacant and is surrounded by a golf course, a high school, residential uses, and a resort and spa. The property is also adjacent to suburban tier and natural tier future land use categories. The natural tier currently has a structure serving as high school. While the subject property does not about other subdivisions, there are several located in close proximity to this location. The property is also located west of Interstate I-10 Highway and the property is located several miles away from Camp Bullis. The current owner is applying to amend the future land use classification of approximately 11.242 acres of land from “Mixed Use Center” to “Suburban Tier” in order to develop single-family homes. The proposed plan amendment and associated zoning change request is ideal for this location since the property is adjacent to a golf course, a school, and similar residential uses.

The amendment will not adversely impact a portion of, or the entire Planning Area by;

- Significantly altering acceptable existing land use patterns, especially in established neighborhoods.
- Affecting the existing character (i.e. visual, physical, and functional) of the immediate area.
- Creating activities that are not compatible with adjacent neighboring uses, and, particularly, the mission of Camp Bullis.
- Significantly alter recreational amenities such as open space, parks, and trails.

The development of the subject property with the Suburban Tier use classification will contribute toward the North Sector Plan vision of compatibility by not significantly altering the existing development pattern

ALTERNATIVES:

1. Recommend denial of the proposed amendment to the North Sector Plan, as presented above.
2. Make an alternate recommendation.
3. Continue to a future date.

FISCAL IMPACT:

None.

RECOMMENDATION:

Staff recommends approval. The proposed amendment to Suburban Tier land use will not significantly alter the land use pattern or character of the immediate area as the proposed change is compatible with the already-existing surrounding pattern of development.

PLANNING COMMISSION RECOMMENDATION: Approval (7-0)

ZONING COMMISSION SUPPLEMENTAL INFORMATION: Z2016261

Current Zoning: "C-3 MLOD-1 MSAO-1 AHOD" General Commercial Camp Bullis Military Lighting Overlay Camp Bullis Military Sound Attenuation Overlay Airport Hazard Overlay District and "C-2 MLOD MSAO-1 AHOD" Commercial Camp Bullis Military Lighting Overlay Camp Bullis Military Sound Attenuation Overlay Airport Hazard Overlay District

Proposed Zoning: "R-4 MLOD-1 MSAO-1 AHOD" Residential Single-Family Camp Bullis Military Lighting Overlay Camp Bullis Military Sound Attenuation Overlay Airport Hazard Overlay District
