Goal: encouraging compatible commercial uses along corridors that serve the neighborhoods and more intense commercial uses at major intersection nodes.

Comprehensive Land Use Categories

Mixed Use: Mix of low intensity residential and commercial uses. Should have mix of uses in the same building or in the same development Shared parking located to rear of structure, limited curb cuts Inclusive of community commercial uses and low and medium density residential uses. Examples are professional/personal services, shop front retail with restaurants, cafes and gift shops

Example Zoning Districts:

MXD, TOD, IDZ, UD, FBZD, NC, *C-1, *C-2, C-2P, *O-1, *O-1.5, RM-4, RM-5, RM-6, MF-18, MF-25,

*with urban design standards

Comprehensive Land Use Categories

Regional Commercial: High intensity land uses that draw their customer base from a larger region. Should be located at intersection nodes along major arterial roadways or along mass transit system nodes, and 20 acres or greater in area Should incorporate well-defined entrances, shared internal circulation, limited curb cuts to arterial streets, sidewalks and shade trees in parking lots. Outdoor operations and display permitted in areas which are screened; no outdoor storage permitted. LAND USE ANALYSIS:

The applicant requests this plan amendment and associated zoning change in order to have a reception hall. The subject property is located on a small lot that would not accommodate the intensity of Regional Commercial. The subject property is also near the intersection of a local road and a secondary arterial. Regional Commercial uses are generally located within areas with high commercial activity, and major intersections. This property is not suited for a Regional Commercial land use category. In addition the applicant could change the zoning request from “C-3” to “C-2 CD” Conditional Use for a Reception Hall, which would no longer require the plan amendment.

ALTERNATIVES:

1. Recommend approval of the proposed amendment to the San Antonio International Airport Vicinity Plan as presented above.
2. Make an alternate recommendation.

3. Continue to a future date.

FISCAL IMPACT:

None

RECOMMENDATION:

Staff recommends Denial. The subject properties location is not a suitable fit for Regional Commercial. The property is not located within a major arterial node, and is not within the vision of the San Antonio International Airport Vicinity Plan, to encourage compatible uses with more intense commercial uses at major intersection nodes.
