RECOMMENDATION:

Criteria for Review: According to Section 35-421, zoning amendments shall be based on the approval criteria below.

1. Consistency:

The property is located within the Arena District/Eastside Community Plan, and is currently designated as Medium Density Residential in the future land use component of the plan. The requested "R-4" Residential Single-Family district is consistent with the future land use designation.

2. Adverse Impacts on Neighboring Lands:

Staff finds no evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The applicant proposes to construct garden style home on the underutilized properties. This project is an appropriate use, and is a reinvestment in the area.

3. Suitability as Presently Zoned:

The current "C-3" base zoning district is not appropriate for the subject property's location as the property is not located at an intersection of major arterials. Martin Luther King Drive is not saturated with intense commercial uses, therefore, the proposed "R-4" is within keeping of the current pattern of development.

4. Health, Safety and Welfare:

Staff has found no indication of likely adverse effects on the public health, safety, or welfare.

5. Public Policy:

The rezoning request does not appear to conflict with any public policy objective, as the request is consistent with the land use designation.

6. Size of Tract:

The subject property totals 1.438 acres in size, which reasonably accommodates the uses permitted in “R-4” Residential Single-Family District.

7. Other Factors:

None.
