RECOMMENDATION:

Staff Analysis and Recommendation: Staff and Zoning Commission (9-0) recommends Approval, pending Plan Amendment.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on the approval criteria below.

1. Consistency:

The subject property is located within the Highlands Community Plan. The property is currently designated as "Parks/Open Space" in the future land use plan. The requested "C-2" Commercial District is not consistent with the future land use designation. The applicant has requested a Plan Amendment to change the land use from "Parks/Open Space" to "Community Commercial". Staff and Planning Commission recommend approval.

2. Adverse Impacts on Neighboring Lands:

Staff has found no evidence of likely adverse impacts on surrounding properties of the proposed uses.

3. Suitability as Presently Zoned:

The requested "C-2" Commercial District is appropriate for the subject property. This request will not have any negative effects on future development, but rather provide additional services to the community. In addition, the land use will be less intense than a high rise office development. Finally, the property is located adjacent to a

major thoroughfare making the location ideal for “C-2” uses.

4. Health, Safety and Welfare:

Staff has found no indication of likely adverse effects on the public health, safety, or welfare.

5. Public Policy:

The request does not appear to conflict with any public policy objective because it is consist with the future land use plan.

6. Size of Tract:

The subject property is 0.566 acres in size, which accommodates the proposed development with adequate space for parking.

7. Other Factors:

None
