**RECOMMENDATION:**

**Staff Analysis and Recommendation:** Staff recommends Approval.

**Criteria for Review:** According to Section 35-421, zoning amendments shall be based on the approval criteria below.

**1. Consistency:**

The property is located within the West/Southwest Sector Plan, and is currently designated as Rural Estate Tier in the future land use component of the plan. The requested "O-1" Office base zoning district is consistent with the future land use designation.

**2. Adverse Impacts on Neighboring Lands:**

Staff finds no evidence of likely adverse impacts on neighboring lands in relation to this zoning change request.

**3. Suitability as Presently Zoned:**

The current "R-6" base zoning district is appropriate for the subject property's location. The requested zoning district of "O-1" is also appropriate for the subject property's location.

**4. Health, Safety and Welfare:**

Staff has found no indication of likely adverse effects on the public health, safety, or welfare.

**5. Public Policy:**

The rezoning request does not appear to conflict with land use goals and strategies of the West/Southwest Sector Plan as it supports an economically sustainable community in which residents have a variety of employment opportunities.

**6. Size of Tract:**

The subject property totals 0.9182 acres in size, which should reasonably accommodate the uses permitted in "O-1" Office District.

**7. Other Factors:**

The applicant proposes a medical office on the subject properties. The surrounding properties to the west and east of the subject property are commercial uses that will not alter the characteristics of the area. The request to rezone the subject property will make the land uses more compatible with one another.
