**Property History:** The subject property was part of the original 36 square miles of the City and was previously zoned "D" Apartment District. A 1965 case zoned the subject property as "R-3" Multiple Family District. Upon adoption of the 2001 Unified Development Code, the previous base zoning district converted to the current "MF-33" Multi-Family District. A 2010 case, Ordinance #2010-11-04-0971 zoned the subject property as "R-6" Single-Family Residential District.

**RECOMMENDATION:**

**Staff Analysis and Recommendation:** Staff recommends Approval

**Criteria for Review:** According to Section 35-421, zoning amendments shall be based on the approval criteria below.

**1. Consistency:**

The property is located within the Government Hill Neighborhood Plan, and is currently designated as Medium Density Residential in the future land use component of the plan. The requested “RM-4” base zoning district is consistent with the future land use designation.

**2. Adverse Impacts on Neighboring Lands:**

Staff finds no evidence of likely adverse impacts on neighboring lands in relation to this zoning change request.

**3. Suitability as Presently Zoned:**

The current “R-6” base zoning district is not appropriate for the subject property’s location because the lot size does not meet the 6000 square foot requirements. The requested zoning district of “RM-4” for 3 residential units is appropriate for the subject property’s location. The properties that are located around the subject property include several residential properties as well as being directly across from San Antonio Independent School District, which follow the current pattern for development of that area.

**4. Health, Safety and Welfare:**

Staff has found no indication of likely adverse effects on the public health, safety, or welfare.

**5. Public Policy:**

The applicant requests a zoning change to allow for three residential units. The rezoning request does not appear to conflict with land use goals and strategies of the Government Hill Neighborhood Plan to encourage and support any revitalization and redevelopment efforts consistent with this plan.

**6. Size of Tract:**

The subject property totals 0.1146 acres in size, which should reasonably accommodate the uses permitted in “RM-4” Residential Mixed District.

**7. Other Factors:**

None
