**RECOMMENDATION:**

**Staff Analysis and Recommendation:** Staff recommends Approval.

**Criteria for Review:** According to Section 35-421, zoning amendments shall be based on the approval criteria below.

**1. Consistency:**

The property is located within the Tobin Hill Community Plan, and is currently designated as Mixed Use in the future land use component of the plan. The requested "IDZ" base zoning district is consistent with the future land use designation.

**2. Adverse Impacts on Neighboring Lands:**

Staff finds no evidence of likely adverse impacts on neighboring lands in relation to this zoning change request.

**3. Suitability as Presently Zoned:**

The current "I-1" base zoning district is not appropriate for the surrounding area. The subject property is bounded by Single-Family Residential homes.

**4. Health, Safety and Welfare:**

Staff has found no indication of likely adverse effects on the public health, safety, or welfare.

**5. Public Policy:**

The rezoning request does not appear to conflict with the land use goals and strategies of the Tobin Hill Community Plan. The current Land Use Category of Low Density Mixed Use includes "IDZ" as a corresponding zoning. The application for "IDZ" is consistent with the objectives of comprehensive plan.

**6. Size of Tract:**

The subject property measures 1.3 acres which should reasonably accommodate the uses permitted in "IDZ AHOD" Infill Development Zone District with uses permitted in "MF-33".

**7. Other Factors:**

Infill Development Zone (IDZ) provides flexible standards for developments. IDZ is to encourage and facilitate development on vacant, bypassed lands, or the redevelopment of underutilized buildings or structures, within existing built-up areas. IDZ may be approved as either a base zoning district or an overlay zoning district. Standards required in an IDZ district shall apply to either IDZ base zoning or the IDZ overlay district except where otherwise specifically stated. Typically IDZ gives flexibility to parking requirements, lots sizes, and setbacks.
