Criteria for Review

According to Section 35-482(h) of the UDC, in order for a special exception to be granted, the Board of Adjustment must find that the request meets each of the five following conditions:

1. The special exception will be in harmony with the spirit and purpose of the chapter.

The UDC allows eight (7.5) foot rear and portion of the front yard fence as a special exception, authorized under certain circumstances in accordance with specific factors as described in this report. If granted, this request would be harmony with the spirit and purpose of the ordinance.

2. The public welfare and convenience will be substantially served.

The public welfare and convenience can be served by the added protection of rear yard fence, allowing the owner to protect their privacy and minimize conflict with her neighbor.

3. The neighboring property will not be substantially injured by such proposed use.

The rear fence will create enhanced security for subject property and is highly unlikely to injure adjacent properties.

4. The special exception will not alter the essential character of the district and location in which the property for which the special exception is sought.

The fencing is not out of character in this neighborhood. Thus, granting the exception will not be detrimental to the character of the district.

5. The special exception will not weaken the general purpose of the district or the regulations herein established for the specific district.

The purpose of the fencing standards is to protect the health, safety and general welfare of the public, enhance property values, and improve the appearance of the community. Since the fence will not encroach into the visibility triangle, the requested special exception will not weaken the general purpose of the district.

Alternative to Applicant's Request

The applicant could follow the guidelines for fence heights, as described in 35-514.

Staff Recommendation

Staff recommends **APPROVAL of the special exception in A-17-090** based on the following findings of fact:

- 1. The fence satisfies the established standards for special exceptions.
- 2. The fence will be in harmony with the spirit and purpose of the UDC.
