RECOMMENDATION:

Staff Analysis and Recommendation: Staff and Zoning Commission (9-0) recommend Approval.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on the approval criteria below.

1. Consistency:

The property is located within the North Sector Plan, and is currently designated as Regional Center in the future land use component of the plan. The requested “C-2” Commercial base zoning district is consistent with the future land use designation.

2. Adverse Impacts on Neighboring Lands:

Staff finds no evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The applicant proposes to develop the property for “C-2” commercial uses.

3. Suitability as Presently Zoned:

The current “MF-33” base zoning district is appropriate for the subject property’s location; however, the proposed “C-2” would still be within character of the surrounding neighborhood, which is currently a mix of commercial and residential uses.

4. Health, Safety and Welfare:

Staff has found no indication of likely adverse effects on the public health, safety, or welfare.

5. Public Policy:

The rezoning request does not appear to conflict with any public policy objective as it is consistent with the future land use designation.

6. Size of Tract:

The subject property totals 2.127 acres in size, which will reasonably accommodate the uses permitted in “C-2” Commercial District.

7. Other Factors:

None.
