**Plan Adoption Date:** September 24, 1998

**Update History:** June 16, 2011

Goal: Encourage appropriate commercial development.

**Comprehensive Land Use Categories**

**Low Density Residential:** Low Density Residential includes single-family detached houses on individual lots at typical suburban densities. This form of development should be located away from major arterials, and can include certain non-residential uses such as schools, places of worship, and parks that are centrally located for convenient neighborhood access.

**Example Zoning Districts:**

R-4, R-5, R-6, NP-8, NP-10, NP-15, and UD

**Comprehensive Land Use Categories**

**Parks/Open Space:** Parks/Open Space includes large, or linear, unimproved land where conservation is promoted and development is not encouraged due to presence of topographic constraints or institutional uses on the site. Parks/Open Space include flood plains, utility corridors, public and private land uses that encourage outdoor passive or active recreation. Examples include City pocket, regional, or linear parks, as well as private parks associated with subdivisions and neighborhood associations.

**Example Zoning Districts:**

Varies

## **Comprehensive Land Use Categories**

**Community Commercial:** Community Commercial includes offices, professional services, and retail uses that are accessible to variety of modes of transportation including bicyclists and pedestrians. This form of development should be located at nodes on arterials at major intersections or where an existing commercial area has been established. Parking areas should be located behind the building, with the exception of one row of parking facing the street. Additionally, all off-street parking and loading areas adjacent to residential uses should include landscape buffers, lighting and signage controls. Examples of Community Commercial uses include cafes, offices, restaurants, beauty parlors, neighborhood groceries or markets, shoe repair shops, pharmacies and medical clinics.

### **Example Zoning Districts:**

O-1.5, C-1, C-2, C-2P and UD

## **LAND USE ANALYSIS:**

The applicant requests this plan amendment and associated zoning change in order to construct a commercial/retail development on a portion of the property and community facilities for a nonprofit organization on the remaining portion. The subject property is within close proximity of a major arterial, North Loop 1604, a neighborhood node, Loop 1604 and Braun Road, and a major node, Loop 1604 and Bandera

Road, as well as other community commercial uses. This property is appropriate for the “Community Commercial” land use classification because it will act as a transition from commercial uses to residential areas. In addition, there will be a required Type B, 15 foot buffer along the rear of the property (the applicant proposes a 30 foot buffer) between the commercial and residential uses. The “Community Commercial” classification supports the Northwest Community Plan to promote business to be within neighborhood scale, easily accessible, and encourage appropriate commercial development. Furthermore, the size of the property is better suited for “C-2” without building size restrictions of “C-1” or “NC”.

**ALTERNATIVES:**

1. Recommend denial of the proposed amendment to the Northwest Community Plan, as presented above.
2. Make an alternate recommendation.
3. Continue to a future date.

**FISCAL IMPACT:**

None

**RECOMMENDATION:**

Staff recommends approval. The proposed amendment to “Community Commercial” land use will not significantly alter the land use pattern or character of the immediate area.

**PLANNING COMMISSION RECOMMENDATION:**

Approval (7-0).
