RECOMMENDATION:

Staff Analysis and Recommendation: Staff recommends Approval.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on the approval criteria below.

1. Consistency:

The property is located within the Northeast Inner Loop Neighborhood Plan and is currently designated as “Regional Commercial” in the future land use component of the plan. The requested “C-2” base zoning district is consistent with the future land use designation.

2. Adverse Impacts on Neighboring Lands:

Staff finds no evidence of likely adverse impacts on neighboring lands in relation to this zoning change request as adjacent properties carry similar zoning.

3. Suitability as Presently Zoned:

The current "C-2" Commercial District is an appropriate base zoning for the property. The surrounding properties are zoned "C-2" and "C-3". The subject property is located along Interstate Highway 410 East and Harry Wurzbach Parkway, which is an appropriate location for commercial uses.

4. Health, Safety and Welfare:

Staff has found no indication of likely adverse effects on the public health, safety, or welfare. The requested zoning change is requested in order to construct a Veterinary Hospital with outdoor paddock and runs, which should not have an adverse impact on the public health, safety, or welfare of the citizens of San Antonio, and is less intense than the existing Motor Vehicle Sales use.

5. Public Policy:

The rezoning request is in agreement with the goals and objectives found within the Northeast Inner Loop Neighborhood Plan and the Comprehensive Plan. The Veterinary Hospital is currently operating to the west of the subject property. The rezoning will allow a small business to expand which is supported by the following goal and objective.

Northeast Inner Loop Neighborhood Plan:

Objective 2.3 - Business Development - Attract new, neighborhood-friendly businesses and infill development that will meet the resident's daily needs and bring new vitality to the neighborhoods' commercial centers.

Comprehensive Plan:

Goal 4 - Provide economic opportunities in targeted areas, particularly within Loop 410 and the southern sector.

6. Size of Tract:

The subject property measures 0.6416 of an acre which should reasonably accommodate a Veterinary Hospital with outdoor paddock and runs.

7. Other Factors:

The purpose of the Conditional Use is to provide for certain uses which, because of their unique characteristics or potential impacts on adjacent land uses, are not generally permitted in certain zoning districts as a matter of right, but which may under the right set of circumstances and conditions be acceptable in certain specific locations.

Staff recommends the following conditions:

1. Permit an 8 foot fence to enclose the outside paddock/pen area.
