Criteria for Review: According to Section 35-421, zoning amendments shall be based on the approval criteria below.

1. Consistency:

The property is located within the North Sector Plan and is currently designated as Regional Center. The request for “C-3” base zoning district is consistent with the adopted future land use plan.

2. Adverse Impacts on Neighboring Lands:

Staff finds no evidence of likely adverse impacts on neighboring lands in relation to this zoning change because the request is consistent with the uses of the surrounding properties within the business park.

3. Suitability as Presently Zoned:

The current “I-1” base zoning district is appropriate for the subject property’s location. The requested zoning district of “C-3” is also appropriate for the subject property’s location.

4. Health, Safety and Welfare:

Staff has found no indication of likely adverse effects on the public health, safety, or welfare.

5. Public Policy:

The rezoning request does not appear to conflict with land use goals and strategies of the of the North Sector Plan that encourages development that is visually and functionally compatible with its surrounding neighborhoods by maintaining a massing and density of development that is compatible with adjacent developed neighborhoods and promotes job growth in the Specialized, Regional, and Mixed Use Centers to

achieve the City's diversified business targets through land use guidance and economic incentives.

6. Size of Tract:

The subject property totals 0.63 acres in size, which should reasonably accommodate the uses permitted in "C-3" General Commercial District.
