RECOMMENDATION:

Staff Analysis and Recommendation: Staff recommends Approval.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on the approval criteria below.

1. Consistency:

The subject property is located within the West/Southwest Sector Plan and is currently designated as “General Urban Tier” in the land use component of the plan. The requested “C-2” base zoning district is consistent with the adopted land use designation.

2. Adverse Impacts on Neighboring Lands:

Staff has not found evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The request is to bring the current bingo parlor into compliance with the zoning. It is located within a retail center and does not seem to be causing adverse impacts on the surrounding areas.

3. Suitability as Presently Zoned:

The existing “C-2” base zoning district is appropriate for the surrounding area. The subject property is located within a retail center. The property’s zoning needs to be changed to add Specific Use Authorization in order for the zoning to comply with the land use.

4. Health, Safety and Welfare:

Staff has found no indication of likely adverse effects on the public health, safety, or welfare.

5. Public Policy:

The request does not appear to conflict with any public policy objective because it is consistent with the adopted land use plan.

6. Size of Tract:

The subject property is 5,487.43 square-feet which should reasonably accommodate the uses permitted in the “C-2” Commercial District. It is also important to note that the subject property that is being rezoned is a suite located within a shopping center.

7. Other Factors:

The purpose of the Specific Use Authorization is to provide for certain uses which, because of their unique characteristics or potential impacts on adjacent land uses, are not generally permitted in certain zoning districts as a matter of right, but which may under the right set of circumstances and conditions be acceptable in certain specific locations.
