City Council Worksession on the FY 2018 Proposed Budget

SUMMARY:

Staff presentation on the FY 2018 Proposed Budget focusing on, but not limited to, the following City policies and initiatives:

A. Fire

B. Police

BACKGROUND INFORMATION:

The FY 2018 Proposed Budget was presented to the Mayor and City Council on August 10, 2017. The budget is balanced as required by law and reflects the City Council policy direction of budgeting through an equity lens.

Equity and equality are two strategies that can be used in budgeting. Equity aims to understand the needs of the community and fairly distribute resources. Equality involves ensuring all parts of the community get similar amounts of resources regardless of need. In the context of the proposed budget, decisions made through an equity lens matter because it determines how the City will allocate resources and set priorities to meet the social and economic needs of San Antonio residents. This Budget proposes an equity approach.

The FY 2018 Proposed Budget includes investments in streets, public safety, and neighborhood services that have the potential to make a significant difference in the quality of life of our community while maintaining a strong financial position.

The FY 2018 Proposed Budget includes \$3.8 million in additional funds for 40 new Police Officer positions to include 25 new SAPD police officers through a COPS Grant, 8 new SAPD SAFFE officers to enhance community policing efforts, 3 new SAPD officer positions for the annexation areas of Foster Road and Babcock, 2 new park police for security at new linear creekways, and 2 airport police for the San Antonio International Airport.

The Child Safety Fund is \$2,292,859 and funds the City's school crossing guard program. The revenues come from added fees parking tickets, school zone violations, and vehicle registrations. Revenues collected in this fund must be used primarily for the school crossing guard, enhancing child safety, health or nutrition, child abuse intervention and prevention and drug and alcohol abuse prevention.

The Confiscated Property Fund is \$1,381,800. Confiscated Property revenues originate through property or asset seizures performed by San Antonio Police Department investigative units. Proceeds are allocated for use by a federal, state, or local agency and must be used for law enforcement purposes exclusively. Funds received are categorized by law between restricted and unrestricted funds. Restricted funds require all expenditures to be in support of the program under which the original seizure occurred and unrestricted funds can be used for any qualified law enforcement purpose.
