RECOMMENDATION:
Staff Analysis and Recommendation: Staff and Zoning Commission (11-0) recommend Approval, pending Plan Amendment.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on the approval criteria below.

1. Consistency:

The subject property is located within the Arena District/Eastside Community Plan and is currently designated as Medium Density Residential in the future land use component of the plan. The requested “C-2” base zoning district is not consistent with the adopted land use designation. The applicant is also requesting a plan amendment to “Community Commercial.” Staff and Planning Commission recommend Approval.

2. Adverse Impacts on Neighboring Lands:

Staff has not found evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The proposed use is consistent with the established development pattern of the surrounding area. The requested zone change is to allow the sale of alcohol at a restaurant during operating hours. A restaurant has been located on the property, and the vacant building is being renovated to accommodate a new restaurant. The subject property is near the corner of two Arterials - South Hackberry and East Cesar Chavez.

3. Suitability as Presently Zoned:

The existing “C-3R” base zoning district is appropriate for the surrounding area. There are commercial uses down Hackberry Street and Cesar Chavez since they are Secondary and Primary Arterials.

4. Health, Safety and Welfare:

Staff has not found any indication of likely adverse effects on the public health, safety, or welfare. The existing building is currently vacant and will be renovated for the use of a restaurant.

5. Public Policy:

The request does not appear to conflict with any public policy objective since it is consistent with the adopted land use plan.

6. Size of Tract:

The subject property is 0.254 acres and is of sufficient size to accommodate the proposed development. The structure already exists on the property and is also of sufficient size to accommodate a restaurant with its respective amount of parking spaces.

7. Other Factors:

It is located within 300 feet of Herff Elementary School, so the applicant will also be required to obtain an alcohol variance in addition to the zone change.
