BACKGROUND INFORMATION:

The FY 2018 Proposed Budget was presented to the Mayor and City Council on August 10, 2017. The budget is balanced as required by law and reflects the City Council policy direction of budgeting through an equity lens. The City's Fiscal Year begins October 1.

Equity and equality are two strategies that can be used in budgeting. Equity aims to understand the needs of the community and fairly distribute resources. Equality involves ensuring all parts of the community get similar amounts of resources regardless of need. In the context of the proposed budget, decisions made through an equity lens matter because it determines how the City will allocate resources and set priorities to meet the social and economic needs of San Antonio residents. This Budget proposes an equity approach.

The FY 2018 Proposed Budget includes investments in streets, public safety, and neighborhood services that have the potential to make a significant difference in the quality of life of our community while maintaining a strong financial position.

A total of 10 City Council work sessions are scheduled prior to budget adoption on September 14 to present the budget in detail to the City Council. Since August 10 five budget work sessions haven been held. Three sessions were held during the week of August 14: Transportation and Capital Improvements Department (August 15), Fire and Police Departments (August 16), and the proposed City Debt Plan (August 17). Two additional work sessions were held during the week of August 21: Planning, Neighborhood & Housing Services, Historic Preservation, Health, Sustainability, Human Services and Delegate Agencies (August 22) and Parks, Library and Municipal Court (August 23).

In addition to the budget work sessions a total of six community budget open houses and two public hearings have been scheduled to obtain input from the community about the proposed FY 2018 budget. Four community budget open houses were held during the weeks of August 14 and August 21.
