All surrounding properties carry the "ERZD" Edwards Recharge Zone District. The "ERZD" does restrict permitted uses, due to the environmentally sensitive nature of the recharge zone. Per Chapter 34 of the City of San Antonio Code of Ordinances, the San Antonio Water System (SAWS) and City of San Antonio departments share regulatory jurisdiction over development within the "ERZD".

### **RECOMMENDATION:**

**Staff Analysis and Recommendation:** Staff and Zoning Commission (10-0) recommend Approval.

**Criteria for Review:** According to Section 35-421, zoning amendments shall be based on the approval criteria below.

#### **1. Consistency:**

The property is located within the North Sector Plan, and is currently designated as “Suburban Tier” in the future land use component of the plan. The requested “C-2” Commercial base zoning district is consistent with the future land use designation.

#### **2. Adverse Impacts on Neighboring Lands:**

Staff finds no evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The requested zoning change for commercial business for a bicycle shop, blends in with the surrounding commercially zoned properties of the area that including other offices and businesses.

#### **3. Suitability as Presently Zoned:**

The current “R-6” base zoning district is not appropriate for the subject property’s location. The requested commercial zoning for a bicycle shop is more appropriate for the area. The subject property is surrounded by

commercial development on a major arterial street that can support the proposed zoning.

**4. Health, Safety and Welfare:**

Staff has found no indication of likely adverse effects on the public health, safety, or welfare. The surrounding land uses include commercial and office properties. The requested zoning change to allow for commercial zoning for a bicycle shop will fit in with the surrounding land uses.

**5. Public Policy:**

The rezoning request does not appear to conflict with land use goals and strategies of the North Sector Plan that encourages compatible economic development along major transportation routes and existing activity centers that do not interfere with the mission of Camp Bullis.

**6. Size of Tract:**

The subject property totals 0.376 acres in size, which should reasonably accommodate the uses permitted in “C-2” Commercial District.

**7. Other Factors:**

The SAWS report has classified the subject property as Category 2. SAWS staff recommends approval of the zoning request with an impervious cover limitation of 30%.
