A denial of the request will result in the subject property retaining the current base zoning district. The current zoning of “C-3” General Commercial District allows more intensive commercial uses than those located within the NC, C-1 or C-2 zoning districts. General Commercial uses are typically characterized as regional shopping centers, power centers, and/or assembly of similar uses into a single complex. There are no building size limitations, and building height is limited to 35 feet. Examples of permitted uses: bar/tavern & nightclub, amusement/theme parks, dance hall, indoor movie theater, auto repair, auto sales, auto glass sales (installation permitted), auto muffler (sales and installation only), hotel, bookbinder, dry cleaning or laundry plant, indoor flea market, home improvement center, body piercing/massage/tattoo parlor. No outdoor storage is permitted. Outdoor operations and display is permitted in areas which are screened as provided in 35-510 of the Unified Development Code.

FISCAL IMPACT:

None.

RECOMMENDATION:

Staff Analysis and Recommendation: Staff recommends Approval.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on the approval criteria below.

1. Consistency:

The property is located within the San Antonio International Airport Vicinity Plan, and is currently designated as “Business Park” in the future land use component of the plan. The requested “C-3” General Commercial base zoning district is consistent with the future land use designation.

2. Adverse Impacts on Neighboring Lands:

Staff finds no evidence of likely adverse impacts on neighboring lands in relation to this zoning change request, as the base zoning will remain “C-3” and is surrounded by the same base zoning.

3. Suitability as Presently Zoned:

The current “C-3” base zoning district is appropriate for the subject property’s location. The applicant is rezoning to allow a Specific Use Authorization for a Construction/ Contractor Facility with Outdoor Storage.

4. Health, Safety and Welfare:

Staff has found no indication of likely adverse effects on the public health, safety, or welfare.

5. Public Policy:

The rezoning request does not appear to conflict with any public policy objective as it supports the San Antonio International Airport Vicinity Plan to expand business park and commercial opportunities along the corridors north of NE Loop 410.

6. Size of Tract:

The subject property totals 0.619 acres in size, which will add additional accommodations for the uses permitted in “C-3” General Commercial District.

7. Other Factors:

The purpose of the Specific Use Authorization is to provide for certain uses which, because of their unique characteristics or potential impacts on adjacent land uses, are not generally permitted in certain zoning districts as a matter of right, but with may, under the right set of circumstances and conditions be acceptable in certain specific locations.
