Examples of permitted uses: liquor store, miniature golf and other indoor gaming facilities, small indoor movie theater, pet cemetery, auto & light truck oil, lube & tune-up, auto glass tinting, tire repair (sale and installation only), gas station, appliance sales & repair, charitable food & clothing banks and dry cleaning. No outdoor storage or display of goods shall be permitted except for outdoor dining. The current zoning of “NP-10” allowed uses are the same as within the “R-6” zoning district. RECOMMENDATION:

Staff Analysis and Recommendation: Staff and Zoning Commission (7-0) recommend Approval, pending Plan Amendment.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on the approval criteria below.

1. Consistency:

The property is located within the I-10 East Corridor Perimeter Plan, and is currently designated as “Low Density Residential” in the future land use component of the plan. The requested “MXD” Mixed base zoning district is not consistent with the future land use designation. The applicant has requested a Plan Amendment to change the land use from “Low Density Residential” to “Urban Living.” Staff and Planning Commission recommend approval.

2. Adverse Impacts on Neighboring Lands:

Staff finds no evidence of likely adverse impacts on neighboring lands in relation to this zoning change request.

The requested zoning change for multi-family housing and commercial uses blends in with the surrounding commercially zoned vacant properties of the area.

3. Suitability as Presently Zoned:

The current “C-2” and “NP-10” base zoning district is appropriate for the subject property’s location. The requested “MXD” is also appropriate and consistent with surrounding uses and zoning. The surrounding properties are all vacant and can benefit from the requested land use.

4. Health, Safety and Welfare:

Staff has found no indication of likely adverse effects on the public health, safety, or welfare. The surrounding land uses are all vacant lots. The requested zoning change to allow for multifamily housing and commercial uses will benefit the surrounding land uses.

5. Public Policy:

The rezoning request does not appear to conflict with land use goals and strategies of the I-10 East Corridor Perimeter Plan that proactively promote attractive and cohesive developments along the IH 10 East Corridor in a manner that protects the City’s cultural, natural, and economic fabric and to stabilize and strengthen property values within the corridors and promote a quality environment that would assist in strengthening the economy of the City

6. Size of Tract:

The subject property totals 40.027 acres in size, which should reasonably accommodate the uses permitted in “MXD” Mixed District.

7. Other Factors:

The applicant proposed a mixed use of multifamily housing and commercial uses. The proposed zoning change is an appropriate fit that supports the accommodation of growth within this area.
