FISCAL IMPACT:

PROXIMITY TO REGIONAL CENTER/PREMIUM TRANSIT CORRIDOR:

RECOMMENDATION:

Staff Analysis and Recommendation: Staff recommends Denial.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on the approval criteria below.

1. Consistency:

The subject property is located within the North Central Community Plan and is currently designated as “Neighborhood Commercial” in the future land use component of the plan. The requested “C-2” base zoning district is not consistent with the future land use designation. The case has an associated Plan Amendment to change the future land use from “Neighborhood Commercial” to “Community Commercial”. Staff recommends Denial of the Plan Amendment. The Planning Commission continued the case to November 13, 2017.

2. Adverse Impacts on Neighboring Lands:

Staff finds evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The proposed rezoning to “C-2 CD” for the development of a Motor Vehicle Sales office has the potential of negatively impact the neighboring properties. Particularly the residential property directly abutting the subject property to the rear.

3. Suitability as Presently Zoned:

The current “C-2” base zoning is not consistent with the surrounding area and established development of the San Pedro Avenue Corridor; however the future land use designation of “Neighborhood Commercial” is incompatible with the base zoning.

4. Health, Safety and Welfare:

Staff has found no indication of likely adverse effects on the public health, safety, or welfare. The zoning change will not pose a threat to the health, safety, or welfare of the residents within the area.

5. Public Policy:

The rezoning request appears to conflict with the following land use goals and objectives of the North Central Community Plan.

The North Central Community Plan Goals and Objectives:

- GOAL 1: Support and promote business and employment development along the commercial corridors that provide for a healthy business climate while supporting the needs of the North Central Neighborhoods Community by aesthetically and environmentally reinforcing their community cultural identity and providing an attractive destination for visitors and shoppers from around the city.
- GOAL 2: Encourage the establishment of neighborhood-friendly businesses along the commercial corridors that promote pedestrian accessibility.
- Objective 2.1: Initiate comprehensive rezoning on the southern end of San Pedro Avenue and Blanco Road between Hildebrand and Basse Rd. to discourage higher intensity uses.

6. Size of Tract:

The subject properties measure approximately 0.4506 of an acre, which should reasonably accommodate a small Motor Vehicle Sales office.

7. Other Factors:

The purpose of the Conditional Use is to provide for certain uses which, because of their unique characteristics or potential impacts on adjacent land uses, are not generally permitted in certain zoning districts as a matter of right, but which may under the right set of circumstances and conditions be acceptable in certain specific locations.

Should City Council approve the rezoning, staff recommends the following conditions:

1. No outdoor amplification speakers permitted.
2. Downward Lighting.
3. No temporary signs, no pennant flags, no feather flags, and no streamers or strings.
