### **RECOMMENDATION:**

Staff Analysis & Recommendation: Staff and Planning Commission (9-0) recommend Approval.

### **Sector Plan Criteria for review:**

- The recommended land use pattern identified in the West/Southwest Sector Land Use Plan inadequately provides appropriate optional sites for the land use change proposed in the amendment.
- The amendment must constitute an overall improvement to the West/Southwest Sector Plan and will not solely benefit a particular landowner or owners at a particular point in time.
- The amendment must uphold the vision for the future of the West/Southwest Sector Plan.

The applicant requests this Plan Amendment and associated zoning change to develop this lot for Auto Sales that includes full service and repair. The subject property is a vacant lot that is surrounded by other commercial

development and other underutilized lots. The proposed amendment to “Suburban Tier” land use will not significantly alter the land use pattern or character of the immediate area as the proposed change supports the West/Southwest Sector Plan that values existing and future businesses; businesses which in turn support the neighborhoods. The proposed amendment to “Suburban Tier” is an appropriate fit that supports the accommodation of growth within this area.

**The amendment will not adversely impact a portion of, or the entire Planning Area by;**

- Significantly altering acceptable existing land use patterns, especially in established neighborhoods.
- Affecting the existing character (i.e. visual, physical, and functional) of the immediate area.
- Creating activities that are not compatible with adjacent neighboring uses, and, particularly, the mission of Lackland.
- Significantly alter recreational amenities such as open space, parks, and trails.

The “Suburban Tier” land use classification would support the goals of the West/Southwest Sector Plan as it supports compatible economic development along major transportation corridors. The subject property is not within the boundaries of the Lackland Influence Area, and is not anticipated to adversely affect any recreational amenities in the area.

**ALTERNATIVES:**

1. Recommend denial of the proposed amendment to the West/Southwest Sector Plan, as presented above.
2. Make an alternate recommendation.
3. Continue to a future date.
