All surrounding properties carry the "MLOD-1" Military Lighting Overlay District, due to their proximity to Camp Bullis. The "MLOD-1" does not restrict permitted uses, but does regulate outdoor lighting in an effort to minimize night-time light pollution and its effects on operations at the military installation.

**ISSUE:**

None.

**ALTERNATIVES:**

Denial of the requested zoning change would result in the subject property retaining the present zoning district designation. “MPCD” districts encourage the development of areas of mixed uses that are internally compatible in an effort to achieve well designed development and provide a more efficient arrangement of land uses, building and circulation systems.

**FISCAL IMPACT:**

None.

**PROXIMITY TO REGIONAL CENTER/PREMIUM TRANSIT CORRIDOR:**

The subject property is within proximity to The UTSA Regional Center and not within a Premium Transit Corridor.

**RECOMMENDATION:**

**Staff Analysis and Recommendation:** Staff and Zoning Commission (9-0) recommend Approval, pending Plan Amendment.

**Criteria for Review:** According to Section 35-421, zoning amendments shall be based on the approval criteria below.

**1. Consistency:**

The property is located within the North Sector Plan and is currently designated as “Mixed Use”. The request for “C-3” base zoning district is inconsistent with the adopted future land use plan. The applicant has requested a Plan Amendment. Staff and Planning Commission recommend Approval.

**2. Adverse Impacts on Neighboring Lands:**

Staff finds no evidence of likely adverse impacts on neighboring lands in relation to this zoning change because the request is consistent with the areas commercial uses.

**3. Suitability as Presently Zoned:**

The current “MPCD” base zoning district is appropriate for the subject property’s location, as is the request for “C-3” which is consistent in relation to the adjacent land uses.

**4. Health, Safety and Welfare:**

Staff has found no indication of likely adverse effects on the public health, safety, or welfare.

**5. Public Policy:**

The rezoning request does not appear to conflict with land use goals and strategies of the North Sector Plan to set priority for pursuing a compatible and highest and best use for development of vacant infill and underutilized parcels between Loop 1604 and Loop 410.

**6. Size of Tract:**

The subject property totals 2.706 acres in size, which should reasonably accommodate the uses permitted in “C-3” General Commercial District.

**7. Other Factors:**

None.
