ALTERNATIVES:

A denial of the request will result in the subject property retaining the current "C-2" General Commercial Nonalcoholic Sales District. The current zoning of "C-2" allows community commercial uses, with unlimited building size, and building height limitation of 25 feet. Examples of permitted uses: liquor store, miniature golf and other indoor gaming facilities, small indoor movie theater, pet cemetery, auto & light truck oil, lube & tune-up, auto glass tinting, tire repair (sale and installation only), gas station, appliance sales & repair, charitable food & clothing banks and dry cleaning. No outdoor storage or display of goods is permitted except for outdoor dining.

FISCAL IMPACT:

None.

PROXIMITY TO REGIONAL CENTER/PREMIUM TRANSIT CORRIDOR:

The subject property is within a Regional Center but within a half mile of a Premium Transit Corridor.

RECOMMENDATION:

Staff Analysis and Recommendation: Staff and Zoning Commission (10-0) recommend Approval.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on the approval criteria below.

1. Consistency:

The property is located within the West/Southwest Sector Plan, and is currently designated as "Mixed Use Center" in the future land use component of the plan. The requested "C-2" Commercial base zoning district is consistent with the future land use designation.

2. Adverse Impacts on Neighboring Lands:

Staff finds no evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The requested zoning change to allow for a Private Social Club/Organization blends in with the surrounding properties of the area that include other commercially zoned properties.

3. Suitability as Presently Zoned:

The current "C-2" base zoning district is appropriate for the subject property's location. The requested commercial zoning with a Specific Use for Private Social Club/Organization is consistent for the area. The subject property is surrounded by development that can support the proposed zoning.

4. Health, Safety and Welfare:

Staff has found no indication of likely adverse effects on the public health, safety, or welfare. The surrounding land uses include several commercial properties.

5. Public Policy:

The rezoning request does not appear to conflict with the land use goals and strategies of the West/Southwest Sector plan that values existing and future businesses; businesses which in turn support the neighborhoods.

6. Size of Tract:

The subject property totals 0.211 acres in size, which should reasonably accommodate the uses permitted in “C-2” Commercial District.

7. Other Factors:

The purpose of the Specific Use Authorization is to provide for certain uses which, because of their unique characteristics or potential impacts on adjacent land uses, are not generally permitted in certain zoning districts as a matter of right, but which may under the right set of circumstances and conditions be acceptable in certain specific locations.
