- Removal and replacement of ceiling tiles
- New flooring
- New paint of sliding cell doors, walls, ceilings
- New plexi-glass cell doors
- New light fixtures
- New gun storage locker as well as 10 additional gun storage lockers
- New ADA compliant and standard lavatory/toilet combos

Procurement of Services

This Project was selected utilizing a Job Order Contracting (JOC), an alternative Project delivery method which ten contractors were approved through Ordinance 2015-01-15-0013 by City Council on January 15, 2015. The use of the JOC delivery method provides the City with on-call construction, renovation and maintenance services for City buildings and facilities. Assignment of JOC contractors to specific jobs is based on the contractor's current workload, overall capacity, and familiarity with a specific facility, expertise in completing specific task and/or managing a specific trade needed to carry out the requested repair or rehabilitation. Of the ten contractors, Jamail & Smith Construction, LP was selected to submit an estimate and project schedule for this Project.

This contract will be awarded in compliance with the Small Business Economic Development Advocacy (SBEDA) Program, which requires contracts be reviewed by a Goal Setting Committee to establish a requirement and/or incentive unique to the particular contract in an effort to maximize the amount of small, minority, and women-owned business participation on the contract. The Goal Setting Committee set a 23% Minority/Women Business Enterprise (M/WBE) subcontracting goal and a 3% African American Business Enterprise subcontracting goal. Jamail & Smith Construction, LP has committed to 23% M/WBE and 3% AABE subcontractor participation.

The Discretionary Contracts Disclosure Form, as required by the City's Ethics Ordinance for all Projects where subjective criteria are used to select the contractor or consultant rather than by low bid, is attached.
