RECOMMENDATION:

Staff Analysis and Recommendation: Staff and Zoning Commission (9-0) recommend Approval.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on the approval criteria below.

1. Consistency:

The subject property is located within the West/Southwest Sector Plan and is currently designated as “General Urban Tier” in the future land use component of the plan. The requested “C-2” base zoning district is consistent with the future land use designation.

2. Adverse Impacts on Neighboring Lands:

Staff finds no evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The proposed rezoning to “C-2 S” Commercial District with a Specific Use Authorization for a Carwash is requested in order to ensure correct zoning for an existing carwash.

3. Suitability as Presently Zoned:

The current “C-2” Commercial District is an appropriate zoning for the property and surrounding area. The properties in the area are “C-2” and “MF-33” which indicates appropriateness with the base zoning of the subject property.

4. Health, Safety and Welfare:

Staff has found no indication of likely adverse effects on the public health, safety, or welfare. The proposed zoning change will allow for the continuation of the current carwash on the property.

5. Public Policy:

The proposed rezoning does not appear to conflict with the following goals, principles, and objectives of the West/Southwest Sector Plan.

West/Southwest Sector Plan:

Sector Plan Criteria for review:

- The recommended land use pattern identified in the West/Southwest Sector Land Use Plan inadequately provides appropriate optional sites for the land use change proposed in the amendment.
- The amendment must constitute an overall improvement to the Sector Plan and will not solely benefit a particular landowner or owners at a particular point in time.
- The amendment must uphold the vision for the future of the West/Southwest Sector Plan.

West/Southwest Sector Plan and the Comprehensive Plan Relevant Goals and Objectives:

- Goal LU-1 Land use pattern emphasizes compatibility and appropriateness between uses, and protects neighborhoods and businesses from incompatible land uses.
- GCF P8 - Continue to focus on the revitalization of neighborhoods adjacent to downtown and extend these efforts to regional centers, urban centers and transit corridors.

6. Size of Tract:

The subject property is 0.4993 of an acre, which reasonably accommodates the current use of a carwash.

7. Other Factors:

None.
