RECOMMENDATION:

Staff Analysis and Recommendation: Staff and Zoning Commission (9-0) recommend Approval.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on the approval criteria below.

1. Consistency:

The subject property is located within the West/Southwest Sector Plan and is currently designated as “General Urban Tier” in the land use component of the plan. The requested “C-2” base zoning district is consistent with the adopted land use designation.

2. Adverse Impacts on Neighboring Lands:

Staff has not found evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The proposed use is consistent with the established development pattern of the surrounding area. The subject property currently has an existing restaurant, and is zoned for nonalcoholic sales. The request is to remove the “NA” in order to allow the sale of alcohol.

3. Suitability as Presently Zoned:

The existing “C-2” base zoning district is appropriate for the surrounding area. The property is along Pleasanton Road, which has many commercial uses fronting the Secondary Arterial.

4. Health, Safety and Welfare:

Staff has not found any indication of likely adverse effects on the public health, safety, or welfare. The restaurant is already located on the property and is requesting the zone change to permit the sale of alcohol.

5. Public Policy:

The request does not appear to conflict with any public policy objective.

6. Size of Tract:

The 1.067 acre site is of sufficient size to accommodate the proposed development. The structure currently exists and is of an adequate size.

7. Other Factors:

The applicant is also requesting an Alcohol Variance because of the subject property's proximity to Carroll Bell Elementary School.
