ALTERNATIVES:

A denial of the request will result in the subject property retaining the current zoning district. The current zoning of “C-3 NA” allows C-3NA districts are identical to C-3 districts (C-3 districts are intended to provide for more intensive commercial uses than those located within the NC, C-1 or C-2 zoning districts. C-3 uses are typically characterized as regional shopping centers, power centers, and/or assembly of similar uses into a single complex. There are no building size limitations, and building height is limited to 35 feet. Examples of permitted uses: bar/tavern & nightclub, amusement and theme parks, dance hall, indoor movie theater, auto repair, auto sales, auto glass sales (installation permitted), auto muffler (sales and installation only), hotel, bookbinder, dry cleaning or laundry plant, indoor flea market, home improvement center, body piercing/massage/tattoo parlor. RECOMMENDATION:

Staff Analysis and Recommendation: Staff and Zoning Commission (9-0) recommend Approval.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on the approval criteria below.

1. Consistency:

The property is located within the West/Southwest Sector Plan, and is currently designated as “Suburban Tier” in the future land use component of the plan. The requested “C-2” Commercial base zoning district is consistent with the future land use designation.

2. Adverse Impacts on Neighboring Lands:

Staff finds no evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The requested zoning change for a Specified Financial Institution blends in with the surrounding commercially zoned properties of the area.

3. Suitability as Presently Zoned:

The current “C-3NA” base zoning district is appropriate for the subject property’s location. The requested “C-2” to allow for a Specified Financial Institution is also appropriate and consistent with surrounding uses and zoning. The surrounding properties are all commercially zoned properties.

4. Health, Safety and Welfare:

Staff has found no indication of likely adverse effects on the public health, safety, or welfare. The surrounding land uses are all commercial properties. The requested zoning change to allow for Specified Financial Institution will fit in with the surrounding land uses.

5. Public Policy:

The rezoning request does not appear to conflict with land use goals and strategies of the West/Southwest Sector that values existing and future businesses; businesses which in turn support the neighborhoods.

6. Size of Tract:

The subject property totals 0.3486 acres in size, which should reasonably accommodate the uses permitted in “C-2” Commercial District.

7. Other Factors:

The purpose of the Specific Use Authorization is to provide for certain uses which, because of their unique characteristics or potential impacts on adjacent land uses, are not generally permitted in certain zoning districts as a matter of right, but which may under the right set of circumstances and conditions be acceptable in certain specific locations.
