Comprehensive Plan

Comprehensive Plan Component: Arena District/Eastside Community Plan

Plan Adoption Date: December 4, 2003

Plan Goals: 2.4 - Develop an open space system that interconnects key destinations by use of greenways.

Comprehensive Land Use Categories

Land Use Category: Community Commercial

Description of Land Use Category: Community Commercial development includes medium to high-density land uses that draws its customer base from a larger community. This classification can include a mix of uses in the same building or in the same development. Community Commercial uses are typically located at nodes on arterials at major intersections, or in established commercial areas along arterials. Community Commercial uses should incorporate well-defined and accessible entrances, shared internal circulation, limited curb cuts to arterial streets, sidewalks and shade trees in parking lots, and landscaping on planter strips between the parking lot and street. To discourage large areas devoted to parking lots, shared parking facilities and pervious pavement are encouraged. Where possible, revitalized or redeveloped community commercial centers should be designed to create safe, attractive and convenient vehicular and pedestrian linkages with adjoining land uses. Examples of Community Commercial uses include all Neighborhood Commercial uses, car washes, minor automobile repair and service, amusement establishments such as theaters, arcades and fitness centers, plant nurseries, exterminators, printers, sign shops, paint and wall paper stores, linen supply/diaper service, gasoline stations with repair service, fix-it shops, community shopping centers and small motels.

Permitted Zoning Districts: “NC”, “C-1”, “C-2”, “O-1”

Comprehensive Land Use Categories

Land Use Category: Parks/Open Space

Description of Land Use Category: Parks/Open Space, which includes both public and private lands, should preserve neighborhoods and promote economic vitality by providing high quality opportunities to enhance overall attractiveness and livability, maintain property values, improve the health and wellness of the city’s residents, encourage natural resource protection, and promote tourism opportunities. Recreational lands and open spaces should maximize use by surrounding residents and, where possible be located adjacent to proposed school sites, ensure optimum management and conservation of natural waterways, flood plains, and open space areas of unique environmental or historical value, and provide for noise control or visual buffer zones along road and highway rights-of-way using urban forest areas. Examples of this classification are lands that are available for active use (golf courses, playgrounds, and athletic fields), passive enjoyment (trails, plazas, and courtyards), natural areas and reserves, greenway linkages or parkways, greenbelts, urban forests, wetlands, drainages, and utility easements.

Permitted Zoning Districts: Varies

Comprehensive Land Use Categories

Land Use Category: Mixed Use

Description of Land Use Category: Mix of uses within same building or development, transit supported mixed use development, Town Centers, low to high rise office buildings that promote mixed uses.

Permitted Zoning Districts: “NC”, “C-1”, “C-2”, “O-1”, “O-2”, “RM-4”, “RM-5”, “RM-6”, “MF-25”, “MF-33”, “MF-40”, “MF-50”, “MXD”, and “TOD”

Comprehensive Land Use Categories

Land Use Category: Regional Commercial

Description of Land Use Category: Regional Commercial development includes high-density land uses that draw its customer base from a larger region. Regional Commercial uses are typically located at intersection nodes along major arterial highways and expressways, or along rapid transit system transfer nodes. These commercial nodes are typically 20 acres or greater in area. Regional Commercial uses should incorporate well-defined entrances, shared internal circulation, limited curb cuts to arterial streets, sidewalks and shade trees in parking lots, and landscaping on planter strips between the parking lot and street. Where it is possible, revitalized or redeveloped centers should be designed to create safe, attractive and convenient vehicular and pedestrian linkages with adjoining land uses. Pad sites between the primary use and the street frontage may be incorporated into the site design. Regional Commercial includes automobile sales, major automobile repair, mini-warehouses, wholesale, “big box” retailers, large commercial centers, malls, large home improvement centers, large hotels and motels, major employment centers, and mid to high rise office buildings.

Permitted Zoning Districts: “NC”, “C-1”, “C-2”, “C-3”, “O-1”, and “O-2”

RECOMMENDATION:

Staff Analysis & Recommendation: Staff and Planning Commission (9-0) recommend Approval.

The proposed land use amendments to “Regional Commercial” and “Mixed Use” are needed in order to revitalize the property. The proposed development will include a mix of multi-family housing, office/warehouse, and Outdoor Athletic fields, while maintaining the Meeting Facilities for Red Berry Mansion.

ALTERNATIVES:

1. Recommend Denial of the proposed amendment to the Arena District/Eastside Community Plan, as presented above.
2. Make an alternate recommendation.
3. Continue to a future date.
