ALTERNATIVES:

Denial of the requested zoning change would result in the subject property retaining the present zoning district designation of “R-6”, which permits single-family dwellings (detached) with a minimum lot size of 6,000 square feet and a minimum lot width of 50 feet, foster family home, public and private schools.

FISCAL IMPACT:

RECOMMENDATION:

Staff Analysis and Recommendation: Staff and Zoning Commission (10-0) recommend Approval.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on the approval criteria below.

1. Consistency:

The subject property is located within the Kelly/South San Pueblo Community Plan and is currently designated as “Low Density Residential” in the future land use component of the plan. The requested “C-2” Commercial District is not consistent with the future land use designation. The applicant is requesting a land use amendment from “Low Density Residential” to “Community Commercial.” Staff and Planning Commission recommend Approval.

2. Adverse Impacts on Neighboring Lands:

Staff finds no evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The proposed commercial use to the east side of SW 34th Street is adequately buffered by commercial and industrial uses.

3. Suitability as Presently Zoned:

The current “R-6” Residential Single-Family District is an appropriate zoning for the property and surrounding

area. The properties on the east side of SW 34th Street are primarily single-family residences.

4. Health, Safety and Welfare:

Staff has found no indication of likely adverse effects on the public health, safety, or welfare.

5. Public Policy:

The proposed rezoning does not appear to conflict with the following goals, principles, and objectives of the Kelly/South San Pueblo Community Plan:

- Goal 2 - Community Character and the Environment - Ensure neighborhood compliance with basic City codes and work toward the beautification of the community.
- Objective 3.2 - Attractive, Diverse Business - Attract and support a variety of businesses in a walkable, mixed-use environment.

6. Size of Tract:

The subject property is 1.9972 acres, which could reasonably accommodate an office/warehouse.

7. Other Factors:

None.
