**RECOMMENDATION:**

**Staff Analysis and Recommendation:** Staff recommends Approval, pending Plan Amendment.

**Criteria for Review:** According to Section 35-421, zoning amendments shall be based on the approval criteria below.

**1. Consistency:**

The property is located within the I-10 east Corridor Land Use Plan and is currently designated as "Parks and Open Space" and "Urban Living". The existing "C-2" base zoning district is inconsistent with the future land use plan. The applicant is requesting to amend the plan to "Community Commercial" to allow for an additional "C-2" uses. Staff and Planning Commission recommend Approval of the amendment.

**2. Adverse Impacts on Neighboring Lands:**

Staff finds no evidence of likely adverse impacts on neighboring lands in relation to this zoning change request.

**3. Suitability as Presently Zoned:**

The current "C-2" base zoning district is consistent with the current uses of the surrounding properties to the East and West as they are located along the I-10 corridor that allows for easy access to commercial uses. The zoning request will be an expansion to the current commercial zoning.

**4. Health, Safety and Welfare:**

Staff has found no indication of likely adverse effects on the public health, safety, or welfare.

**5. Public Policy:**

Staff finds that the request is not contrary to any stated public policy objective, as the land use is consistent with the surrounding properties to the East and to the West and will offer a buffer between the existing industrial development and the residentially zoned properties.

**6. Size of Tract:**

The 9.55 acre tract is a sufficient size for the requested “C-2” base zoning district.

**7. Other Factors:**

None.
