Property Details

Property History: The property is part of the original 36 square miles of San Antonio and was zoned "C" Apartment District. Ordinance 76368 rezoned the property to "R-7 SUP" with a Specific Use Permit for a Fourplex in 1994. Upon the adoption of the 2001 Unified Development Code, the previous "R-7 SUP" converted to the current "R-4 CD" Residential Single-Family District with a Conditional Use for a Fourplex.

Topography: The property does not include any abnormal physical features such as slope or inclusion in a floodplain.

Thoroughfare: Bordoy Street
Existing Character: Local Road
Proposed Changes: None Known

Public Transit: VIA Routes 51 and 251 are 2 blocks west of the subject property

Traffic Impact: A Traffic Impact Analysis (TIA) is not required. Infill Development (IDZ) is exempt from TIA requirements .

Parking Information: The “IDZ” Infill Development Zone District waives off-street vehicle parking requirements.

ISSUE:
None.

ALTERNATIVES:

A denial of the request will result in the subject property retaining the current base zoning district. Single-family dwelling (detached) with a minimum lot size of 4,000 square feet and a minimum lot width of 35 feet, foster family home, public and private schools are allowed within the “R-4” district.

FISCAL IMPACT:
None.

PROXIMITY TO REGIONAL CENTER/PREMIUM TRANSIT CORRIDOR:
The subject property is not within a Regional Plan, or a Premium Transit Corridor

Staff Analysis and Recommendation: Staff recommends Denial. Zoning Commission recommends Approval (8-1).

Criteria for Review: According to Section 35-421, zoning amendments shall be based on the approval criteria below.

1. Consistency:

The property is located within the Nogalitos/South Zarzamora Community Plan, and is currently designated as “Low Density Residential” in the future land use component of the plan. The requested “IDZ” Infill Development Zone district is inconsistent with the future land use designation. The applicant has requested a Plan Amendment to change the future land use from “Low Density Residential” to “High Density Residential”. Staff and Planning Commission recommended Denial.

2. Adverse Impacts on Neighboring Lands:

Staff finds evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The property owner purchased the property as a sixplex with the intention to remodel the property. In doing so, the applicant was informed by DSD that the zoning was for a fourplex. It is a goal within the Nogalitos/South Zarzamora Community Plan to encourage quality infill housing that fits the character of the neighborhood. Six units in the middle of the neighborhood drastically changes the character of the surrounding area. As the property is now, it is already out of place. Staff’s recommends to maintain its current “R-4 CD” Residential Single Family with Conditional Use for a Fourplex.

3. Suitability as Presently Zoned:

The current “R-4” base zoning district is appropriate for the subject property’s location. “IDZ” is not consistent with the existing zoning pattern and introduces unnecessary density to an existing single-family residential neighborhood.

4. Health, Safety and Welfare:

Staff has found no indication of likely adverse effects on the public health, safety, or welfare.

5. Public Policy:

The rezoning request appears to conflict with public policy Goal 1: Improve the quality, appearance, and variety of existing and new housing for people of all ages while preserving the character of the neighborhoods and Goal 2.1: Protect and preserve the character of the neighborhoods and commercial corridors while improving their physical appearance.

6. Size of Tract:

The subject property totals 0.1435 acres in size, which reasonably accommodates the existing “R-4 CD” district.

7. Other Factors:

Infill Development Zone (IDZ) provides flexible standards for developments. IDZ is to encourage and facilitate development on vacant, bypassed lands, or the redevelopment of underutilized buildings or structures, within existing built-up areas. IDZ may be approved as either a base zoning district or an overlay zoning district. Standards required in an IDZ district shall apply to either IDZ base zoning or the IDZ overlay district except where otherwise specifically stated. Typically IDZ gives flexibility to parking requirements, lots sizes, and setbacks.

The applicant’s request meets the Master Plan’s Policy for Economic Development - Goal 4, because it targets an area within Loop 410 and the southern sector

The applicant’s request meets the Master Plan’s Policy for Neighborhoods - Policy 1d, because it promotes conversion or adaptive reuse of vacant or underutilized commercial buildings to provide affordable infill housing.
