**ALTERNATIVES:**

Denial of the requested zoning change would result in the subject property retaining the present zoning district designation of “I-1”, which accommodates areas of heavy and concentrated fabrication and manufacturing and industrial uses which are suitable based on the character of adjacent development. Examples of permitted uses: auto & light truck auction, truck stop, abrasives manufacturing, food & drug manufacturing, sand & gravel storage & sales, outdoor flea market, manufactured homes/oversized vehicles sales, service and storage.

**FISCAL IMPACT:**

None.

**PROXIMITY TO REGIONAL CENTER/PREMIUM TRANSIT CORRIDOR:**

The property is not within a Regional Center. The property is within a ½ of a mile of the Looper Premium Transit Corridor.

**RECOMMENDATION:**

**Staff Analysis and Recommendation:** Staff and Zoning Commission (9-0) recommend Approval.

**Criteria for Review:** According to Section 35-421, zoning amendments shall be based on the approval criteria below.

**1. Consistency:**

The subject property is located within the South Central San Antonio Community Plan and is currently designated as “Mixed Use” in the future land use component of the plan. The requested “C-2” base zoning district is consistent with the future land use designation.

**2. Adverse Impacts on Neighboring Lands:**

Staff finds no evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The proposed rezoning will remove industrial zoning near single-family residences.

**3. Suitability as Presently Zoned:**

The current “I-1” General Industrial District is not an appropriate zoning for the property and surrounding area. The property is located near single-family residences which is not an appropriate location for industrial base zoning.

**4. Health, Safety and Welfare:**

Staff has found no indication of likely adverse effects on the public health, safety, or welfare. The proposed rezoning is requested in order to attract commercial business to locate in the retail center.

## **5. Public Policy:**

The proposed rezoning does not appear to conflict with the goals, objectives, and strategies of the South Central San Antonio Community Plan. The proposed rezoning from “I-1” to “C-2NA” is a downzoning. The current “I-1” base zoning is too intense for the area and is a result of an old code conversion. The requested “C-2NA” is in agreement with the development trend of the area and offers more commercial opportunities to the nearby residents.

Relevant Goals and Objectives of the South Central San Antonio Community Plan:

- Goal: Maintain and build on the old-fashioned neighborhood character of South Central San Antonio.
- Objective 1 - Economic Development: Develop and enhance the community’s commercial corridors by improving streetscape appearances and recruiting businesses to employ and provide goods/services to residents.
- Strategies 1.1 & 2 - Economic Development:
  - 1) Improve the quality of commercial corridors including South Flores Street, South Presa Street, and Roosevelt Avenue.
  - 2) Attract investors for vacant land and buildings available for development.

## **6. Size of Tract:**

The subject property is 0.4798 of an acre, which currently accommodates the retail center.

## **7. Other Factors:**

The rezoning request would change the base district to “C-2” Commercial. The “NA” Nonalcoholic Sales designation will limit any future alcohol sales on the property if the proposed use changes.
