RECOMMENDATION:

Staff Analysis & Recommendation: Staff recommends Approval.

Sector Plan Criteria for review:

- The recommended land use pattern identified in the North Sector Land Use Plan inadequately provides appropriate optional sites for the land use change proposed in the amendment.
- The amendment must constitute an overall improvement to the North Sector Plan and will not solely benefit a particular landowner or owners at a particular point in time.
- The amendment must uphold the vision for the future of the North Sector Plan.
- The amendment will not adversely impact a portion of, or the entire Planning Area by;
- Significantly altering acceptable existing land use patterns, especially in established neighborhoods.
- Affecting the existing character (i.e. visual, physical, and functional) of the immediate area.
- Creating activities that are not compatible with adjacent neighboring uses, and, particularly, the mission of Camp Bullis Army Base.
- Significantly alter recreational amenities such as open space, parks, and trails.

The applicant proposes to develop the property for retail, a daycare, and apartments. Urban design standards are required in order to maintain a neighborhood commercial scale, to promote pedestrian activity, and to maintain the unique character of the center. Encouraging mixed-use zones around existing and new facilities foster a mix of activities and social interaction.

ALTERNATIVES:

1. Recommend Denial of the proposed amendment to the North Sector Plan, as presented above.
2. Make an alternate recommendation.
3. Continue to a future date.
