Traffic Impact: A Traffic Impact Analysis (TIA) report is not required. The traffic generated by the proposed development does not exceed the threshold requirements.

Parking Information: Parking requirements are determined by use. Commercial uses require a minimum vehicle space of 1.5 per 300 GFA and a maximum of 1 per 200 GFA

ISSUE:

None.

ALTERNATIVES:

A denial of the request will result in the subject property retaining the current base zoning district. The current “C-3” district is intended to provide for more intensive commercial uses than those located within the “NC”, “C-1” or “C-2” zoning districts. “C-3” uses are typically characterized as regional shopping centers, power centers, and/or assembly of similar uses into a single complex. There are no building size limitations, and building height is limited to 35 feet. Examples of permitted uses: bar/tavern & nightclub, amusement/theme parks, dance hall, indoor movie theater, auto repair, auto sales, auto glass sales (installation permitted), auto muffler (sales and installation only), hotel, bookbinder, dry cleaning or laundry plant, indoor flea market, home improvement center, body piercing/massage/tattoo parlor. No outdoor storage is permitted. Outdoor operations and display shall be permitted in areas which are screened as provided in 35-510 of the Unified Development Code.

FISCAL IMPACT:

None.

PROXIMITY TO REGIONAL CENTER/PREMIUM TRANSIT CORRIDOR:

The subject property falls within the Greater Airport Area Regional Center and is not within proximity to a Premium Transit Corridor.

RECOMMENDATION:

Staff Analysis and Recommendation: Staff and Zoning Commission (9-0) recommend Approval.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on the approval criteria below.

1. Consistency:

The property is located within the San Antonio International Airport Vicinity Plan and is currently designated as “Business Park”. The requested “C-3” base zoning district is consistent with the adopted future land use plan and consistent with the surrounding base zoning districts.

2. Adverse Impacts on Neighboring Lands:

Staff finds no evidence of likely adverse impacts on the neighboring land in relation to the zoning change request as the zoning is consistent with the properties in the business park.

3. Suitability as Presently Zoned:

The current “C-3” base zoning district is appropriate for the surrounding area as it is consistent with the pattern that exists in the business park. The addition of the “S” Specific Use Authorization allows the contractor facility use with outside storage and additional regulation as needed.

4. Health, Safety and Welfare:

Staff has found no indication of likely adverse effects on the public health, safety, or welfare.

5. Public Policy:

Staff finds the request for zoning supports expansion of business park and commercial opportunities along corridors north of NE Loop 410 and to upgrade and enhance commercial and business park property that is declined, is currently vacant, or is underutilized.

6. Size of Tract:

The subject property totals 1.49 acres in size, which should reasonably accommodate the uses permitted in “C-3” base zoning district.

7. Other Factors:

The purpose of the Specific Use Authorization is to provide for certain uses which, because of their unique characteristics or potential impacts on adjacent land uses, are not generally permitted in certain zoning districts as a matter of right, but may, under the right set of circumstances and conditions be acceptable in certain specific locations.
