There is a maximum of one (1) parking space per four (4) seats or one (1) parking space per fifty (50) square-feet of the GFA if there are no permanent seats

**ISSUE:**

None.

**ALTERNATIVES:**

Denial of the requested zoning change would result in the subject property retaining the present zoning district designation. The “C-3” General Commercial District is intended to provide for more intensive commercial uses than those located within the NC, C-1 or C-2 zoning districts. C-3 uses are typically characterized as regional shopping centers, power centers, and/or assembly of similar uses into a single complex. There are no building size limitations, and building height is limited to 35 feet. Examples of permitted uses: bar/tavern & nightclub, amusement/theme parks, dance hall, indoor movie theater, auto repair, auto sales, auto glass sales (installation permitted), auto muffler (sales and installation only), hotel, bookbinder, dry cleaning or laundry plant, indoor flea market, home improvement center, body piercing/massage/tattoo parlor. No outdoor storage is permitted. Outdoor operations and display shall be permitted in areas which are screened as provided in 35-510 of the Unified Development Code.

**FISCAL IMPACT:**

None.

**PROXIMITY TO REGIONAL CENTER/PREMIUM TRANSIT CORRIDOR:**

The subject property is not located within a Regional Center, but is within a half (½) mile from the Looper Premium Transit Corridor.

**RECOMMENDATION:**

**Staff Analysis and Recommendation:** Staff and Zoning Commission (8-0) recommend Approval.

**Criteria for Review:** According to Section 35-421, zoning amendments shall be based on the approval criteria below.

**1. Consistency:**

The subject property is located within the West/Southwest Sector Plan and is currently designated as “General Urban Tier” in the land use component of the plan. The requested “C-2” base zoning district is consistent with the adopted land use designation.

**2. Adverse Impacts on Neighboring Lands:**

Staff has not found evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The proposed use is consistent with the established development pattern of the surrounding area.

**3. Suitability as Presently Zoned:**

The existing “C-3” base zoning district is appropriate for the surrounding area. The subject property is fronting Loop 410 and is in close proximity to the Loop 410 - Highway 151 Interchange. A general commercial use

would be appropriate for this location.

**4. Health, Safety and Welfare:**

Staff has not found any indication of likely adverse effects on the public health, safety, or welfare. The proposed use is for an indoor gun range, and will be along the frontage of Loop 410. It is located adjacent to a self-service storage facility which is another commercial use, so there does not seem to be an indication of likely adverse effects.

**5. Public Policy:**

The request does not appear to conflict with any public policy objective. The requested zoning will be creating consistency with the land use.

**6. Size of Tract:**

The 1.6309 acre site is of sufficient size to accommodate the proposed development. The lot is vacant and the site plan reflects that there is of sufficient size for the proposed development.

**7. Other Factors:**

The Conditional Use zoning procedure is designed to provide for a land use that is not permitted by the established zoning district, but due to individual site considerations or unique development requirements would be compatible with adjacent land uses under given conditions.

The request was reviewed by Joint Base San Antonio (JBSA) for the Lackland Military Influence Area and there are no objections to the request. All information was forwarded to the applicant.
