RECOMMENDATION:

Staff Analysis and Recommendation: Staff recommends Approval.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on the approval criteria below.

1. Consistency:

The subject property is located within the West Sector Plan and is currently designated as “General Urban Tier” in the future land use component of the plan. The requested “C-2 NA” base zoning is compatible with the future land use designation and is consistent with the surrounding properties.

2. Adverse Impacts on Neighboring Lands:

Staff finds no evidence of likely adverse impacts on neighboring lands in relation to this zoning change request.

3. Suitability as Presently Zoned:

The current “R-6” Residential Single-Family District and “C-2NA” Commercial Nonalcoholic Sales District is an appropriate zoning for the property and surrounding area. Additionally, the “CD” allows further commendation and regulation of the proposed use.

4. Health, Safety and Welfare:

Staff has not found indication of likely adverse effects on the public health, safety, or welfare.

5. Public Policy:

The proposed rezoning does not appear to conflict with the following goals, principles, and objectives of the West/Southwest Sector Plan.

West/Southwest Sector Plan Relevant Goals and Objectives:

- ED-1.3 Stimulate and support increased activity of existing businesses
- ED-3.1 Ensure the development of new business locations and employment centers are compatible with the West/Southwest Sector Land Use Plan.

6. Size of Tract:

The subject property is 0.3027, which would adequately support a commercial development.

7. Other Factors:

The purpose of the Conditional Use is to provide for certain uses which, because of their unique characteristics or potential impacts on adjacent land uses, are not generally permitted in certain zoning districts as a matter of right, but which may under the right set of circumstances and conditions be acceptable in certain specific locations.

The applicant is seeking a conditional use to allow for outdoor display/storage of stone monuments (i.e. headstones).
