RECOMMENDATION:

Staff Analysis and Recommendation: Staff and Zoning Commission (10-0) recommend Approval.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on the approval criteria below.

1. Consistency:

The subject property is located within the West/Southwest Sector Plan and is currently designated as “General Urban Tier” in the future land use component of the plan. The requested “C-2” base zoning district is consistent with the future land use designation.

2. Adverse Impacts on Neighboring Lands:

Staff finds no evidence of likely adverse impacts on neighboring lands in relation to this zoning change request.

3. Suitability as Presently Zoned:

The current “MF-33” base zoning is appropriate for the current use and the surrounding area. The requested “C-2” base zoning is also an appropriate base zoning district for the property.

4. Health, Safety and Welfare:

Staff has found no indication of likely adverse effects on the public health, safety, or welfare.

5. Public Policy:

The proposed rezoning does not appear to conflict with the goals, objectives, and strategies of the West/Southwest Sector Plan. The proposed rezoning from “MF-33” to “C-2” base zoning is appropriate for the

area. The surrounding area has recently been developed into residential and multi-family uses. The requested rezoning to “C-2” could offer retail development to serve the residents in the immediate vicinity.

Relevant Goals and Strategies of the West/Southwest Sector Plan include:

- Goal ED-1: The West/Southwest Sector is an economically sustainable community in which residents have a variety of employment opportunities
- ED-1.1: Locate business offices near existing residential areas within the Sector
- Goal ED-2: Existing and planned future corridors and accessible, pedestrian commercial nodes contain strong, vibrant business activities with a mix of uses and employment opportunities
- Goal ED-3: The West/Southwest Sector community values existing and future businesses; businesses which in turn support the neighborhoods

6. Size of Tract:

The subject property is 2.621 acres, which could accommodate the proposed commercial development.

7. Other Factors:

The proposed rezoning is requested in order to develop a Specialty Retail Shop.
