ALTERNATIVES:

A denial of the request will result in the subject property retaining the current base zoning district. “C-3” districts are intended to provide for more intensive commercial uses than those located within the “NC”, “C-1” or “C-2” zoning districts. “C-3” uses are typically characterized as regional shopping centers, power centers, and/or assembly of similar uses into a single complex. There are no building size limitations, and building height is limited to 35 feet. Examples of permitted uses: bar/tavern & nightclub, amusement/theme parks, dance hall, indoor movie theater, auto repair, auto sales, auto glass sales (installation permitted), auto muffler (sales and installation only), hotel, bookbinder, dry cleaning or laundry plant, indoor flea market, home improvement center, body piercing/massage/tattoo parlor. No outdoor storage is permitted. Outdoor operations and display shall be permitted in areas which are screened as provided in 35-510 of the Unified Development Code. “C-3R” districts are identical to “C-3” districts except that the sale of alcoholic beverages for on-premises consumption is prohibited. “C-3NA” districts are identical to “C-3” districts except that the sale of alcoholic beverages is prohibited.

FISCAL IMPACT:

None.

PROXIMITY TO REGIONAL CENTER/PREMIUM TRANSIT CORRIDOR:

The subject property is within the Greater Airport Area, but not with a Premium Transit Corridor.

Staff Analysis and Recommendation: Staff and Zoning Commission (10-0) recommend Approval, pending Plan Amendment.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on the approval criteria below.

1. Consistency:

The property is located within the San Antonio International Airport Vicinity Land Use Plan, and is currently designated as “Community Commercial” in the future land use component of the plan. The requested “C-3” General Commercial base zoning district is not consistent with the future land use designation. The applicant has requested a Plan Amendment to change the future land use from “Community Commercial” to “Regional Commercial”. Staff and Planning Commission recommend Approval.

2. Adverse Impacts on Neighboring Lands:

Staff finds no evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The current “Community Commercial” land use designation does not match the current “C-3” zoning district, therefore a plan amendment is required to align the land use and zoning. In addition, “Regional Commercial” is

appropriate being adjacent to Highway 281, which encourages higher intensity land uses.

3. Suitability as Presently Zoned:

The current “C-3” base zoning district is appropriate for the subject property’s location. The request will not change the base zoning, but will remove the “R”.

4. Health, Safety and Welfare:

Staff has found no indication of likely adverse effects on the public health, safety, or welfare.

5. Public Policy:

The rezoning request does not appear to conflict with any public policy objective.

6. Size of Tract:

The subject property totals 2.003 acres in size, which reasonably accommodates the uses permitted in “C-3” General Commercial District.

7. Other Factors:

None.
