RECOMMENDATION:

Staff Analysis and Recommendation: Staff and Zoning Commission (9-0) recommend Approval.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on the approval criteria below.

1. Consistency:

The subject property is located within the Tanglewoodridge Neighborhood Plan. The Unified Development Code, Chapter 35-420 notes that the Tanglewoodridge Plan is to be used as a guide therefore, a finding of consistency is not required.

2. Adverse Impacts on Neighboring Lands:

Staff finds no evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The proposed rezoning will remove intense commercial base zoning from an area with large residential subdivision.

3. Suitability as Presently Zoned:

The current “C-2” base zoning is appropriate for the current use and the surrounding area. The “C-3” General Commercial District is not an appropriate zoning for the property. The “C-3” base zoning is adjacent to a single-family residential subdivision.

4. Health, Safety and Welfare:

Staff has found no indication of likely adverse effects on the public health, safety, or welfare.

5. Public Policy:

The proposed rezoning does not appear to conflict with the goals, objectives, and strategies of the

Tanglewoodridge Neighborhood Plan. The proposed rezoning will allow for the development of a residential subdivision on a vacant lot. The plan encourages development that is mindful of the existing residents of the area. The lot is predominately zoned “C-3” General Commercial District which permits intense commercial uses such as Bars/Taverns, Motor Vehicle Sales, Auto Light Truck Repair. The requested “R-4” Residential Single-Family District is a more appropriate base zoning for the subject property.

6. Size of Tract:

The subject property is 12.08 acres, which could accommodate the requested 73 single-family residences.

7. Other Factors:

None.
