Denial of the requested zoning change would result in the subject property retaining the present zoning district designation. C-2NA districts are identical to C-2 districts except that the sale of alcoholic beverages is prohibited. C-2 districts accommodate community commercial uses, with unlimited building size, and building height limitation of 25 feet. Examples of permitted uses: liquor store, miniature golf and other indoor gaming facilities, small indoor movie theater, pet cemetery, auto & light truck oil, lube & tune-up, auto glass tinting, tire repair (sale and installation only), gas station, appliance sales & repair, charitable food & clothing banks and dry cleaning. No outdoor storage or display of goods shall be permitted except for outdoor dining.

FISCAL IMPACT:
None.

PROXIMITY TO REGIONAL CENTER/PREMIUM TRANSIT CORRIDOR:

The subject property is not located within a Regional Center nor within a ½ mile of a Premium Transit Corridor.

RECOMMENDATION:

Staff Analysis and Recommendation: Staff and Zoning Commission (9-0) recommend Approval.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on the approval criteria below.

1. Consistency:

The subject property is located within the San Antonio International Airport Vicinity Land Use Plan and is currently designated as "Medium Density Residential" in the land use component of the plan. The requested "R-4" base zoning district is consistent with the adopted land use designation.

2. Adverse Impacts on Neighboring Lands:

Staff has not found evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The proposed use is consistent with the established development pattern of the surrounding area. There is currently single-family residential zoning directly to the west of the subject property.

3. Suitability as Presently Zoned:

The existing "C-2" base zoning district is not appropriate for the surrounding area. There is commercial zoning

and uses across North Stahl Park, and no commercial uses on the block located south of North Stahl Park. The subject property is much more appropriate as single-family residential.

4. Health, Safety and Welfare:

Staff has not found any indication of likely adverse effects on the public health, safety, or welfare. There is a high school across O'Connor Road, a church located south of the property, and single-family dwellings to the west. The request for "R-4" zoning is appropriate for the subject property.

5. Public Policy:

The request does not appear to conflict with any public policy objective. The land use is designated "Medium Density Residential," and the requested zoning is consistent with the plan.

6. Size of Tract:

The 7.12 acre site is of sufficient size to accommodate the proposed development. The proposed zoning would permit a maximum of 77 single-family dwellings.

7. Other Factors:

None.
