The current “R-4” Residential Single-Family District allows for Single-family dwelling (detached) with a minimum lot size of 4,000 square feet and a minimum lot width of 35 feet, foster family home, public and private schools.

**RECOMMENDATION:**

**Staff Analysis and Recommendation:** Staff recommends Approval, pending Plan Amendment.

**Criteria for Review:** According to Section 35-421, zoning amendments shall be based on the approval criteria below.

**1. Consistency:**

The subject property is located within the Near Northwest Community Plan and is currently designated as “Community Commercial” and “Low Density Residential”. The requested “C-2” base zoning district is not consistent with the current land use designation of “Low Density Residential”. The applicant has requested a Plan Amendment to “Community Commercial” for the entire subject property. Staff and Planning Commission recommend Approval.

**2. Adverse Impacts on Neighboring Lands:**

Staff finds no evidence of likely adverse impacts on the neighboring land in relation to the zoning change request. The request is consistent with the commercial land use pattern along the Bandera Road corridor.

**3. Suitability as Presently Zoned:**

The subject property is currently zoned “R-5” which is inconsistent with the surrounding commercial development pattern. The request for “C-2” will bring the subject property into compliance with the existing commercial uses.

**4. Health, Safety and Welfare:**

Staff has found no indication of likely adverse effects on the public health, safety, or welfare as the request will allow for consistency along the established corridor.

**5. Public Policy:**

The rezoning request does not appear to conflict with any public policy objective as the request for “C-2” is consistent with the land uses along the commercial corridor. The request supports the Plan Goal to ensure the Near Northwest Community’s business corridors are filled with a mix of uses including professional offices, residences and busy shops, providing neighbors an attractive place to walk for shopping, playing, working and relaxing both day and night.

**6. Size of Tract:**

The subject property totals 0.3636 acres in size, which should reasonably accommodate uses permitted in “C-2” Commercial.

**7. Other Factors:**

None.
