Examples of permitted uses: liquor store, miniature golf and other indoor gaming facilities, small indoor movie theater, pet cemetery, auto & light truck oil, lube & tune-up, auto glass tinting, tire repair (sale and installation only), gas station, appliance sales & repair, charitable food & clothing banks and dry cleaning. RECOMMENDATION:

Staff Analysis and Recommendation: Staff and Zoning Commission (11-0) recommend Approval with Conditions.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on the approval criteria below.

1. Consistency:

The subject property is located within the Highlands Community Plan and is currently designated as “Community Commercial” in the future land use component of the plan. The requested “C-2” base zoning district is consistent with the future land use designation.

2. Adverse Impacts on Neighboring Lands:

Staff finds no evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The base zoning is remaining “C-2” which permits a variety of commercial uses.

3. Suitability as Presently Zoned:

The current “C-2” Commercial District is an appropriate base zoning for the surrounding area. The area includes a variety of base zoning districts.

4. Health, Safety and Welfare:

Staff has found no indication of likely adverse effects on the public health, safety, or welfare.

5. Public Policy:

The proposed rezoning does appear to conflict with goals and objectives of the Highlands Community Plan. The plan emphasizes the desire to attract new businesses to the community. The proposed rezoning for a Carwash, coupled with conditions will ensure the development does not adversely impact the neighboring businesses and residents.

- Goal 1: Economic Development - Improve the current variety of goods, services and employment available within the community by creating an environment conducive to commercial prosperity and encouraging new businesses to locate in the area.
- Goal 2: Community Appearance and Neighborhood Character - Improve the appearance of the community and maintenance of the commercial buildings while preserving the character of the Highlands neighborhoods.
- Objective 2.3: Community Appearance and Aesthetics - Improve the physical appearance and landscaping of the business districts and neighborhoods to enhance the pedestrian environment, add to the value of the area, and maintain the character of the Highlands neighborhoods.

6. Size of Tract:

The subject property is 0.71 of an acre, which could reasonably accommodate a Carwash.

7. Other Factors:

The purpose of the Specific Use Authorization is to provide for certain uses which, because of their unique characteristics or potential impacts on adjacent land uses, are not generally permitted in certain zoning districts as a matter of right, but with may, under the right set of circumstances and conditions be acceptable in certain specific locations.

Should City Council approve the rezoning, staff recommends the following conditions:

- 1) An eight-foot (8') solid screen fence along residential uses.
- 2) No temporary signs, no pennant flags, no feather flags and no streamers or strings.
- 3) Solid screen fencing along vacuums for noise reduction.
- 4) Lighting shall be directed downward onto property.
