RECOMMENDATION:

Staff Analysis and Recommendation: Staff recommends Approval.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on the approval criteria below.

1. Consistency:

The subject property is located within the Greater Dellview Area Community Plan and is currently designated as “Neighborhood Commercial” in the future land use component of the plan. The requested “C-1 CD” base zoning is compatible with the future land use designation.

2. Adverse Impacts on Neighboring Lands:

Staff has not found evidence of likely adverse impacts on neighboring lands in relation to this zoning change request. The requested rezoning allows for a less intense use than what currently exists on the property.

3. Suitability as Presently Zoned:

The current “C-1 CD” Light Commercial is an appropriate zoning for the property and surrounding area.

4. Health, Safety and Welfare:

Staff has not found indication of likely adverse effects on the public health, safety, or welfare.

5. Public Policy:

The proposed rezoning does not appear to conflict with the following goals, principles, and objectives of the Greater Dellview Area Community Plan.

Greater Dellview Area Community Plan Relevant Goals and Objectives:

- Goal 2: Neighborhood Commercial Revitalization - Promote the growth and development of local businesses and create attractive and viable commercial environments that draw new customers and

diverse businesses.

- Objective 2.4: Small Business Development - Foster an environment that promotes, encourages and supports small business development.
- Goal 3: Commercial Development: Type, Form and Appearance - Proactively promote best urban planning practices and ensure commercial environments that are clean, safe, attractive, compliant with city codes, and respectful of adjacent neighborhood residential uses.
 - Objective 3.2: Reuse and Retrofit - Promote and facilitate the revitalization of existing commercial strip centers and sites in the planning area.

6. Size of Tract:

The subject property is 0.1377 acres, which would adequately support motor vehicle sales.

7. Other Factors:

The Conditional Use zoning procedure is designed to provide for a land use that is not permitted by the established zoning district, but due to individual site considerations or unique development requirements would be compatible with adjacent land uses under given conditions.

The following Conditions are also recommended:

- 1) A six foot solid screen fence along residential uses.
- 2) No temporary signage, pennant flags, wind-wavers, and/or snipe signage.
- 3) A 15-foot landscape buffer yard shall be required along the west property line.
- 4) Downward lighting shall be pointed away from residential uses.
