The "AHOD" does not restrict permitted uses, but can require additional review of construction plans by both the Development Services Department and the Federal Aviation Administration.

"NCD"

The Alta Vista Neighborhood Conservation District (NCD-2) is an overlay zoning district that contains design

guidelines for rehabilitation of existing residential and commercial development. Property owners, together with the Department of Planning and Community Development staff, develop the design guidelines. These guidelines can address building materials, height, size, massing, signage, sidewalk location, etc. A zoning review is performed by the Zoning Section of the Development Services Department.

Thoroughfare: Ripley Avenue

Existing Character: Local Street

Proposed Changes: None Known

Public Transit: VIA bus route 20 is within walking distance of the subject property.

The minimum parking required for a single-family residence is 1 parking space per unit.

ISSUE:

None.

ALTERNATIVES:

Denial of the requested zoning change would result in the subject property retaining the present zoning district designations of “R-6” which permits single-family dwellings (detached) with a minimum lot size of 6,000 square feet and a minimum lot width of 50 feet, foster family home, public and private schools.

FISCAL IMPACT:

None.

PROXIMITY TO REGIONAL CENTER/PREMIUM TRANSIT CORRIDOR:

The property is not located within a Regional Center. The property is located within ½ of a mile of the New Braunfels Avenue and San Pedro Premium Transit Corridors.

RECOMMENDATION:

Staff Analysis and Recommendation: Staff and Zoning Commission (9-0) recommend Approval.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on the approval criteria below.

1. Consistency:

The subject property is located within the Midtown Neighborhood Plan and is currently designated as “Low Density Residential” in the future land use component of the plan. The requested “R-4” base zoning district is consistent with the future land use designation.

2. Adverse Impacts on Neighboring Lands:

Staff finds no evidence of likely adverse impacts on neighboring lands in relation to this zoning change request.

3. Suitability as Presently Zoned:

The current “R-6” Residential Single-Family District is appropriate zoning for the property and surrounding area. The surrounding area includes a mix of zoning to include “R-6”, “RM-4” and “C-3NA CD” base zoning.

4. Health, Safety and Welfare:

Staff has found no indication of likely adverse effects on the public health, safety, or welfare. The lot is currently vacant and the property owner is requesting a rezoning in order to build two single-family residences.

5. Public Policy:

The Midtown Neighborhoods Plan classifies the subject property and surrounding area as low-density residential future land use, described as single-family homes on individual lots with a limited number of duplexes.

Relevant Goals and Policies of the SA Tomorrow Comprehensive Plan may include:

GCF P8: Continue to focus on the revitalization of neighborhoods adjacent to downtown and extend these efforts to regional centers, urban centers and transit corridors.

H Goal 2: A variety of housing types (single-family detached, single-family attached, multifamily, as well as ownership and rental opportunities) are available at a variety of price and rent levels.

H Goal 6: Infill development and revitalized neighborhoods provide a range of housing choices near the city center.

The subject property is not located within a regional center as established by the SA Tomorrow Comprehensive Plan, though it is near the Midtown Regional Center and is within the Alta Vista Neighborhood Conservation District (NCD-2). The site was previously occupied by a single-family residence and the proposed zoning change will allow the continuing use as a single-family residence.

6. Size of Tract:

The subject property is 0.2411 of an acre which could accommodate the proposed two single-family residences.

7. Other Factors:

None.
