RECOMMENDATION:

Staff Analysis and Recommendation: Staff and Zoning Commission (9-0) recommend Approval.

Criteria for Review: According to Section 35-421, zoning amendments shall be based on the approval criteria below.

1. Consistency:

The subject property is located within the Arena District/Eastside Community Plan and is currently designated as “Medium Density Residential” in the future land use component of the plan. The requested “IDZ” base zoning is compatible with the future land use designation.

2. Adverse Impacts on Neighboring Lands:

Staff has not found evidence of likely adverse impacts on neighboring lands in relation to this zoning change request.

3. Suitability as Presently Zoned:

The current “AE-2” Arts and Entertainment District is an appropriate zoning for the property and surrounding area.

4. Health, Safety and Welfare:

Staff has not found indication of likely adverse effects on the public health, safety, or welfare.

5. Public Policy:

The proposed rezoning does not appear to conflict with the following goals, principles, and objectives of the Arena District/Eastside Community Plan.

Five Points Neighborhood Plan Relevant Goals and Objectives:

- Redevelopment Goals over the next 10-15 years

- 1.1 New home construction - 25-50 homes per year
- 2. Land Use Guiding Principles
 - 2.1 Establish a land use pattern that is responsive to the existing context and is founded upon realistic market expectations
 - 2.2 Protect the neighborhoods by providing them with the necessary improvements to enable infill development and redevelopment

6. Size of Tract:

The subject property is 0.08 acres, which would adequately support an infill development of 3 units.

7. Other Factors:

Infill Development Zone (IDZ) provides flexible standards for developments. IDZ is to encourage and facilitate development on vacant, bypassed lands, or the redevelopment of underutilized buildings or structures, within existing built-up areas. IDZ may be approved as either a base zoning district or an overlay zoning district. Standards required in an IDZ district shall apply to either IDZ base zoning or the IDZ overlay district except where otherwise specifically stated. Typically IDZ gives flexibility to parking requirements, lots sizes, and setbacks.

Additionally, the applicant's request for IDZ is consistent with the following criteria:

- The applicant's request meets the Master Plan's Policy for Growth Management - Policy 1g, because it makes physical improvements on an inner city property encouraging redevelopment and infill development.
- The applicant's request meets the Master Plan's Policy for Economic Development - Goal 4, because it targets an area within Loop 410 and the southern sector.
- The Master Plan's Policy for Neighborhoods - Policy 1a, because it rezones vacant or underutilized property in and around neighborhoods to encourage redevelopment that is compatible in use and intensity with the existing neighborhood.
