COUNCIL DISTRICTS IMPACTED: Citywide

SUBJECT:

Amendment to the Faith Group Agreement for the Parking Area Surveillance project at the San Antonio International Airport

SUMMARY:

This Ordinance will amend the professional services agreement with Faith Group, LLC (Faith Group) in an amount not-to-exceed \$93,248.00 for additional construction administration services for the Parking Area Surveillance project at the San Antonio International Airport. This amendment will increase the contract agreement to a value not to exceed \$595,332.00 and is available from the Airport Improvement and Contingency Fund. This amendment is consistent with the FY 2019 Aviation Capital Budget document.

BACKGROUND INFORMATION:

On December 12, 2012 through Ordinance 2012-12-06-0935, City Council authorized a professional service agreement with Faith Group for design services in the amount of \$164,175.00 for three IT and security projects: Parking Area Surveillance, Security Camera Upgrades and Communications Center Renovations. Previous amendments related to the Advanced Surveillance Program (ASP) of the TSA, a reimbursable grant program, increased the agreement to an amount not-to-exceed \$502,084.00. Faith Group has completed their work on the Communications Center Renovation and Security Camera Upgrades projects.

The Parking Area Surveillance project requires additional construction administration services for the installation of video surveillance cameras, emergency call boxes and supporting network infrastructure for the last phase of the Parking Area Surveillance project for the long-term parking garage. Since 2012, the emergency call boxes have reached their end-of-life and additional elevators require video cameras than originally scoped. The amendment will authorize the construction administration services for the replacement of 36 emergency call boxes and four additional video cameras in the long-term parking garage. It will also authorize the change from analog to digital. A future council action will be brought forward for the purchase and installation of the emergency call boxes.

The proposed amendment is in the amount not-to-exceed \$93,248.00 and will increase the value of the agreement to an amount not-to-exceed \$595,332.00.

ISSUE:

This Ordinance will amend the professional services agreement with Faith Group in an amount not-to-exceed \$93,248.00 for additional construction administration services for the Parking Area Surveillance project at the San Antonio International Airport. This amendment will increase the contract agreement to a value not to exceed \$595,332.00 and is available from the Airport Improvement and Contingency Fund. This amendment is consistent with the FY 2019 Aviation Capital Budget document.

ALTERNATIVES:

City Council could direct staff to issue a new solicitation for these services. However, the re-issue would result in the delay the delivery of these projects while a new solicitation is developed and released and require additional expenditures. In addition, Faith Group has the technical knowledge of this project.

FISCAL IMPACT:

This Ordinance will amend the professional services agreement with Faith Group, LLC (Faith Group) in an amount not-to-exceed \$93,248.00 for additional construction administration services. This project is included in the FY 2019-FY 2024 Capital Improvement Program and funded through the Airport Improvement & Contingency Fund.

RECOMMENDATION:

Staff recommends the authorization of an amendment to the professional services agreement with Faith Group at the San Antonio International Airport.
