The Evaluation Committee met and evaluated the sole respondent based on the vendor's Experience, Background, and Qualifications, and Proposed Operating Plan. The sole responsive bidder demonstrated in their proposal the ability to meet service demand on the basis of existing fleet inventory / equipment; staffing levels; quality control plan; and environmental practices. Based on this information, the consensus of the committee was to award to the sole responsive bidder. Due diligence conducted for the recommended vendor included a search of federal and state debarment lists, prohibited political contributions, conflicts of interest, delinquent City/County taxes, outstanding payments to the City, payment of state franchise fees as well as a search of the internet for pertinent business information. No findings were noted that would prevent the City from awarding to the selected vendor.

Staff recommends committee approval to proceed with scheduling this item for full City Council consideration.
